

# Meet Gippsland's offshore wind developers

Offshore wind energy is a new opportunity to continue electricity generation in Gippsland, bringing jobs and investment to the region.

Come and meet the developers behind Gippsland's proposed offshore wind projects. Meet locals already working in the industry, hear about project plans, view maps and share your ideas and feedback.

Government agencies VicGrid, Offshore Wind Energy Victoria and the Department of Climate Change, Energy, the Environment and Water will also be there to answer questions about transmission and energy plans.

We look forward to seeing you there.

## Proposed Gippsland offshore wind projects

- **Star of the South** (Southerly Ten)
- **Kut-Wut Brataualung** (Southerly Ten)
- **Great Eastern Offshore Wind** (Corio Generation)
